Dear Ted Owens, you ask me to let you know of any specific changes when I got my discharge. Well I am very happy to say my wife Mary Domez is out of hospital & it's more than amazing she was so near death couldn't possibly be any closer to death, & now being alive. Easter morning she was able to attend church. it's just a joyable memory which I'll never forget. she was so near death the hospital Dr. started to use an electric charger to stimulate her heart, but Mary was awake, & told them not to use stimulator as she was ready to die, & didn't mind dying. of course by that time you probly had her picture on the wall, & you can see by this writing, how she has improved. We are all amazed, & when we had the entire church congregation praying for, & that seemed to do no good in fact she got worse. Today April 7 she attended church & was so happy to drive her car. praise God & the others who love her. you may use this letter as a testimonial if you wish.

Mr Owens I sent for a copy of your Phisic Powers to Sand. Francisco & sent

the seven dollas Money Order, the money order
stub I still have as proof, that was nearly
a month ago, & I have not received an
answer. So again that doesn't good. What do
you think about that? ^{let}

Of course we all thank you & whoever
the others may be.

Our very best Wishes for your success
I will try & help you as much as I can
because as I said before I am sure
you have a Great great thing going.
Maybe you can prod those people
in San Francisco, to awake up & find out
why I havent received my copy.
