- ⑨ The Si's must be the association of the "White Brotherhood" who are the guardians of Life. Am I right? (From all parts of the Universe)
- ⑩ For all month I have seen the Antennae's play on my TV screen (see green enclosure) that night after the tornadoes; they really did play on the TV screen.

⑪ Oh! also I discovered quite by accident that there is a circular rainbow beam that is focused on my head. Did you put me in the rainbow box? I hope you did. If you did I appreciate it. There are other small incidents too numerous to write out that have happen. So much has happen this past month believe me. I've only had time to read 2 mystery books. A lot of time I have put into meditation (thought).

note: Yet another such report!!
