

Hi Ted!

Caught this article ^{enclosed} in the "Sunday
Okahoman."

(. i) Note to my
scientists:
Please place this
with the Blackbe
tornado file
recently
sent
you
Ted
E.

The quote underlined in it puts
forth the description of a
box shaped tornado. ("square type
box")

Note: ↓ Ted 6/20/73

It would seem to me that
a "square type box" tornado -
has an 'intelligent' form for
a shape - compared to other
tornadoes that is!

Thought it might be SI related! ^{Yes!!}

Take it easy!
