Jeffrey... just a
suggestion.
After unloading the U-Haul
I've found all my
papers & documentation
(when with you in Frisco
I didn't know where it
was, spread among all
our stuff... when you
asked to xerox it. would
have taken days to
unload the U-Haul & sort
it all out.)
OK... I have many many
miracles done there

T & P Sprinkle, etc., all
well documented for
instance in Phila. alone
in the late 60's & mocked
out power in 5 states on
East Coast; made hurricans
pop up; attached the Stock
Market to a loss of 50
billion; attached U.S.
military exercises; etc.
Affidavits from lawyers
on those. I suggest
Bernstein fly here... see
all this, choose borrow it,
take it back for xerox
& return it. Dynamite
stuff!
