Drs. Targ and Putoff:

Enclosed is a snapshot of an old castle...which I took outside Limoges, France, not long ago.

But note, in the upper right corner...a triangular shape just up over the trees. Could it be a UFO?

I had half a dozen of these snapshots enlarged...and they are all the same. The spot is on the negative...whatever it is.

I was communicating with the SI's at the time this was taken...would really be something, if they actually showed themselves.

Best...

Ted Owens
